- A. C/IHC memo to Mr. McManis dated 27 May 1983,  
Subject: NIOWON Upgrade
- B. Mr. McManis' memo dated 24 June 1983, Subject:  
Washington Area Operations/Intelligence Centers  
Conference (WAOCC)

1. Considering that the NIOWON telephone conferencing arrangement, which was presented at the WAOCC [redacted] meeting, was informally prepared by DCA, it might be appropriate to review the specifications once again at the 27 July 1983, WAOCC meeting in order to obtain final approval or any suggestions for system modifications. After the 27 July meeting we might approach DCA with an official request to provide us with a system cost and a firm technical proposal. Also, it would be appropriate for the group to discuss the resource options outlined in [redacted] memorandum of 27 May 1983. Additional resource strategies might also be discussed. [redacted]
